

Fuse clips

- VT Fuse Clips for 25.4mm diameter.
- DIN standard Clips for 'F' and 'T' range fuse links.
- BS Mounting Clips suitable for 50.8mm and 76.2mm Oil, Air, and Motor Fuse Links up to 200A.

Bussmann fuse clips

To complement the range of tag fixings offered by Bussmann, a range of fuse clips are available. These are suitable for use with British Standard, DIN Dimensioned and VT ferrule style fuse links. The BS and DIN Clips are rated up to 200 Amps. They are designed to be fitted onto insulated studs or directly onto a busbar.

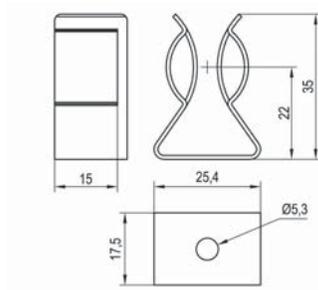

Fuse clips	Clip reference
DIN fuse links to 43625	270303 or A3354745
Voltage transformer and auxiliary type fuse links	A3354705
